Dear Teaching Officers,

**Teaching Survey Results for Lent Term 2017 -
Part I, Part IIA, Part IIB, Diploma, MPhil**

I am enclosing data on the responses to the teaching survey, as well as 'comments' on your teaching. Although this information is for *your eyes only*, the Chair of the Undergraduate Studies Committee will be monitoring the comments to see if there are any general issues to be considered at Committee level.

Please note that the questions we have asked are different to previous years, as they have been brought more into line with the NSS (National Student Survey) and PTES (Postgraduate Taught Course Experience) national surveys. There is, therefore, no comparator to previous years.
