Singhua does a great job, considering that she only has one hour to cover difficult and extensive problem sets. However, her notes could be more detailed.

Poor Shiua, she had to cover so much in each class! Perhaps 2 hours would have been better to allow her a chance to go over key concepts as well as just answers

There simply weren't enough classes for the problem sets, meaning that the teaching which did take place was overly rushed and not terribly useful.

Good teacher, good feedback, good solutions.

good job!
